

## **Township of King**

### **COVID-19 ACKNOWLEDGEMENT OF RISK**

**ATTENTION ALL KING TOWNSHIP FACILITY USERS AND CLUB PARTICIPANTS:**

The novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. COVID-19 is a contagious disease and is believed to spread mainly from person-to-person contact.

The Township of King has put in place preventative measures that meet or exceed recommendations from the Ontario Ministry of Health to reduce the spread of COVID-19 at its facilities. However, neither the Township of King, nor its facility User Groups or volunteers can guarantee that you or your child(ren) will not potentially come into contact with, or become infected with COVID-19. Further, as a public venue, attending a Township of King facility could increase your risk and your child(ren)'s risk of contracting COVID-19.

As a condition of the permission granted by the Township of King to enter onto its premises, all Users are required to acknowledge and implicitly agree as follows:

a. Users voluntarily assume the risk that they or their child(ren) may be exposed to or infected by COVID-19 by attending a public facility hosting community programs or activities and that such exposure or infection may result in personal injury, illness, permanent disability, and/or death. They understand that the risk of becoming exposed to or infected by COVID-19 at the facility may result from the actions, omissions, or negligence of myself and others, including, but not limited to, the Township of King employees and volunteers, and program participants and their families, or registered volunteer organizations.

b. Users further acknowledge that attending enclosed premises during a pandemic is a voluntary decision with an inherent risk to contact an infectious disease without a known treatment or cure. Users willingly and voluntarily choose to take this risk and, as such, cannot hold the Township of King, its employees, agents, representatives, User Groups or volunteers liable for any damages or loss associated with COVID-19 resulting from their attendance at a Township facility.

c. Users acknowledge and agree that they will be required to participate in active screening prior to entering any Township facility which may include duplicate requirements of their organization and the Township of King. Users agree and acknowledge that they will comply with any public health requirements, use of personal protective equipment, health screening and contact tracing requirements that may be imposed as a strict condition of participating in events hosted in Township facilities.

f. Users further acknowledge that the Township may share such personal information, including but not limited to COVID-19 test results, as is necessary for the purpose enforcing any applicable public health mandates, including contact tracing, and enforcement of quarantine requirements.
