

The Nobleking Executive Board is excited to officially unveil our new NobleKing logo and jersey designs for the 2021/2022 season!

As many of you would have guessed, this new logo was inspired by the Vegas Golden Knights, but the Executive Board and our design team worked hard to ensure it was 100% Canadian!

In the coming days, we will open our online webstore to purchase some fresh summer apparel, so we can all start wearing our new designs proudly within the community. Merchandise can be found at www.nobleking-webstore.com

As we enter a new era for our logo and jersey designs, we will officially replace and update our online sites and retire our existing jerseys style. With the impacts of COVID 19, we used this opportunity to update our jersey model and modernize our approach to drive safety and efficiency.

Starting with this upcoming season, each player will be required to purchase their home/away jerseys. As in previous years, we will continue to provide socks and all practice equipment for each team. As this year brought many financial challenges, we will also be heavily subsidizing the purchase of these jerseys to ensure minimal financial impact to each of you during this exciting launch year. For our inaugural season jerseys will be subsidized by 50%. That means our new jersey sets will be offered at a cost of only \$65 for this season only. As we move to a purchase only model, these new jerseys will be yours to keep!

This is an exciting time to be a Nobleking Knight, and we look forward to seeing all of our athletes on the ice sporting their new gear in September. Until then, have a fun and safe summer!
